

Allowing Verizon and the other big cable companies to sell each others' services would mean worse service and higher bills for consumers.

Instead of having to compete against each other for our business, they'll just be able to raise prices and leave consumers without another choice!

The deal would funnel money out of the pockets of consumers and workers into the pockets of cable and wireless executives!!!

With no competition, the rural communities where Verizon has already been reluctant to extend its best services will be left behind. Everywhere else, we'll see higher costs for worse service.

PLEASE DENY NEW LICENSES THAN WILL ALLOW BIG PROVIDERS TO OPERATE WITHOUT COMPETITION!

Sincerely,
Gleb Yentus.
